Conferences Attended

- **Seventeenth Conference on Interactive Theorem Proving**
ITP 2026 Lisbon, Portugal
25 - 29 July 2026
- **Bridging Lean and LMFDB**
University of East Anglia Norwich, United Kingdom
29 June 2026 - 3 July 2026
- **Formalizing Higher Categories**
Institut Mittag-Leffler Djursholm, Sweden
Will attend online. 8 - 12 June 2026
- **Mathlib Reviewer Bootcamp**
Stockholm University Stockholm, Sweden
30 March 2026 - 2 April 2026
- **SMS Spring Meeting: Formalization and Proof Assistants**
UniDistance Brig, Switzerland
25 - 27 March 2026
- **Arizona Winter School 2026: Computational aspects of Arithmetic Geometry**
University of Arizona Tucson, United State
7 - 11 March 2026
- **Formalization of Algebraic Geometry**
University of Heidelberg Heidelberg
19 - 21 November, 2025
- **Lean for PDEs, an ICARM & SLMATH collaboration**
Simons Laufer Mathematical Sciences Institute Berkeley
6 - 9 October, 2025
- **Formalizing Class Field Theory**
Clay Mathematics Institute Oxford
21 - 25 July 2025
- **Workshop on the Frontiers in Arithmetic Dynamics (FIAD 2024)**
Beijing International Center for Mathematics Research Beijing
4 - 8 May 2024
- **Algebra and Number Theory Summer School**
Chinese Academy of Sciences and Peking University Beijing
15 July 2024 – 24 August 2024
- **AI For Math Winter School**
Beijing International Center for Mathematics Research Beijing
15 – 26 January 2024
- **AI For Math Summer School**
Beijing International Center for Mathematics Research Beijing
24 July 2023 – 10 September 2023

SEMINAR TALKS

- **Gradutae Seminar on Algebraic Geometry - Brauer Groups and period-index theorem**
Universität Bonn Bonn
22 April 2025
- **Graduate Seminar on Advanced Algebra - Affine Hecke Algebras**
Universität Bonn Bonn
14 January 2025
- **Graduate Seminar on Algebraic Geometry - Complex Geometry and Hodge Theory**
Universität Bonn Bonn
3 December 2024

SCHOLARSHIPS AND OTHER AWARDS

- **AI for Math Summer Fellow** Summer 2026
AI for Math Fund at Renaissance Philanthropy, whose founding donor is XTX Markets. Project: Robo, mentored by Marcus Zibrowius.
